

Rat Extermination Program Fostered By Chamber of Commerce With Aid From Federal Government Technician

The Pied Piper is to come to Hamlin once again and thus will be re-enacted another fable in history. Arrangements were negotiated with R. E. Wilson of the United States Department of the Interior to come to Hamlin for the week starting April 16 to lead in a campaign against rats. Wilson is assigned to the National Committee for Rat Control.

The movement is sponsored by the Chamber of Commerce and will last until April 21. It is the plan to have Wilson supervise a control program in the business district and an additional supply of the new rat poison known as Warfarin will be used in the program. The poison will also be available to householders and may be obtained without cost at the Chamber of Commerce offices.

As a part of the rat control campaign, the sanitation committee of the Chamber of Commerce is formulating plans for a clean-up campaign as a joint project. Members of this committee are Dr. M. L. Smith, chairman; Wesley Nail, Mrs. Clota Mae Tegar, Mrs. Eddie Jay and John B. Howard, Jr. The clean-up is planned as a movement that will be much greater in scope than that of last year.

Bulletins issued by the committee Wilson represents list the great variety of diseases which rats communicate to the public and the many other destructive functions of the rodents.

It is explained in the bulletin that business properties and the homes are first objectives in the fight against rats and the campaign must be cooperative in order to deprive the rodents of any refuge from the poison.

School Plans Ready For Board Monday

Don Smith, Sweetwater architect, is to have plans completed for Hamlin's new elementary school annex to submit to the school trustees at Monday night's meeting.

Following receipt of the approved plans, the trustees will advertise for bids for construction of the new unit.

Bonds to cover cost of the new improvements have already been voted and sold.

Rotary Press Will Modernize Herald

The Hamlin Herald is to go metropolitan in another piece of its equipment.

Purchase has been made of a Goss Straightline newspaper press which will permit the printing of your hometown newspaper from rolls of paper in duplicate of the method followed by large dailies.

Final installation of the new equipment for The Herald is expected to be made late in April and the 16-page capacity press will deliver printed and folded newspapers at the rate of 8,000 per hour.

Completed pages of the newspaper will be converted into recessed mats and plates will be cast of the entire page, which will provide a new type face on each mat.

The design of the new press will permit The Herald to print any multiple of 16 pages and the printing of circulars will be simplified.

Installation of the press will provide equipment in The Herald mechanical department that will compare favorably with any shop in the entire state regardless of population of the city in which it is located.

Second Sunday Sing At Calvary Baptist

Second Sunday Singing will be held at the Hamlin Calvary Baptist Church this Sunday at 2:00 p. m.

Everyone is invited to attend the festivities.

Mrs. T. R. Tegar of Hamlin was a surgery patient in a Rotan hospital last week.

SMELL SMOKE!

Members of the Hamlin Volunteer Fire Department carried coals to Newcastle Thursday.

While district firemen were in convention here and as festivities were being conducted at the fire station, an alarm was turned in calling them to the home of Mr. and Mrs. Bill Matchett.

Under the critical eye of rival departments and with general assistance from many visitors, the department made the run and reports were that the blaze was under control.

The blaze was confined to a barn and some sheds on the Matchett place.

Roland and Hudson Win Places on City Council, Light Vote

Election day created no great amount of excitement in Hamlin Saturday as candidates terminated a wordless campaign for two vacant positions on the city council.

Developments were that neither of the four candidates in the race seriously wanted the position and only 151 ballots were cast prior to the closing of the polls.

Final tally returned O. D. Roland to his seat on the council and Arthur (Soc) Hudson was elected to succeed I. R. Witt.

Of the 151 votes cast, Roland received 92; Hudson, 77; Witt, 67; and Joe Simpson 65.

This is Hudson's first venture into local politics.

Baseball Team To Feature Seniors

Baseballs filled the air at the Hamlin park this week as training began in earnest for the Pipers in preparation for a season that has found them with a district championship without having played a game. No other schools in the district will participate in the sport this spring.

Practice games have been arranged with Abilene there on Tuesday, April 10; Sweetwater at Hamlin, Friday, April 13; Abilene at Hamlin, Thursday, April 19; and Sweetwater at Sweetwater, April 26.

Following the four practice sessions, the Pipers will await the determination of a winner in the neighboring district for b-district playoffs.

Starting lineup for the Pipers as indicated in first warmups is: Don Gregory, shortstop; Sugar Green, second base; Robert Fletcher, third base; Don Rowland, first base; W. T. Stapler, catcher; Billy Sutherland, right field; Milton Butler, center field; Don Elmore, left field; Asa Goodgame, pitcher.

Football In Spring Workout Opening For Wednesday

Gridiron aspirants for the Pied Piper squad will answer the call of the Hamlin coaching staff on the afternoon of April 11 as spring training begins.

Coaches Jess Burditt, Vernon Townsend and Bob Nunley will greet nine returning lettermen as the sessions start and they are faced with the task of fashioning an attack from a squad that will be riddled from graduation of the first line performers of last year.

Formation of the first team is dependent upon the development of youngsters who saw little service in last year's race due to the all-out effort for the district golf-fun. The coaches are hopeful that training sessions will develop a climax runner and a quarterback to guide the destinies of the team.

Opening of the fall gridiron season will find the Pipers engaging new district foes and competition is due to be rough for the green Piper squad.

The spring training sessions are to be conducted for 30 days.

Mrs. Guy Tefteller Dies Here Monday

Mrs. Guy Tefteller of Roby, 64, died at 12:05 a. m. Monday at the Hamlin Memorial Hospital.

Funeral services were conducted at Roby Church of Christ at 3:00 p. m. Tuesday.

OPS Price Charting Deadline Is Reset

Retailers selling clothing, furniture and some other goods can rest a little easier now—until April 30.

The date has been moved up by the Office of Price Stabilization from March 29 to April 30. Because of over 200,000 appeals an amendment was announced and the new date set up. Business men complained that the busy Easter season did not permit a heavy burden of paper work required by the OPS order.

The regulation establishes a "margin" type of control on furniture, clothing, floor coverings, lamps, yard goods and curtains. This constitutes about 75 per cent of the goods sold in an ordinary department store.

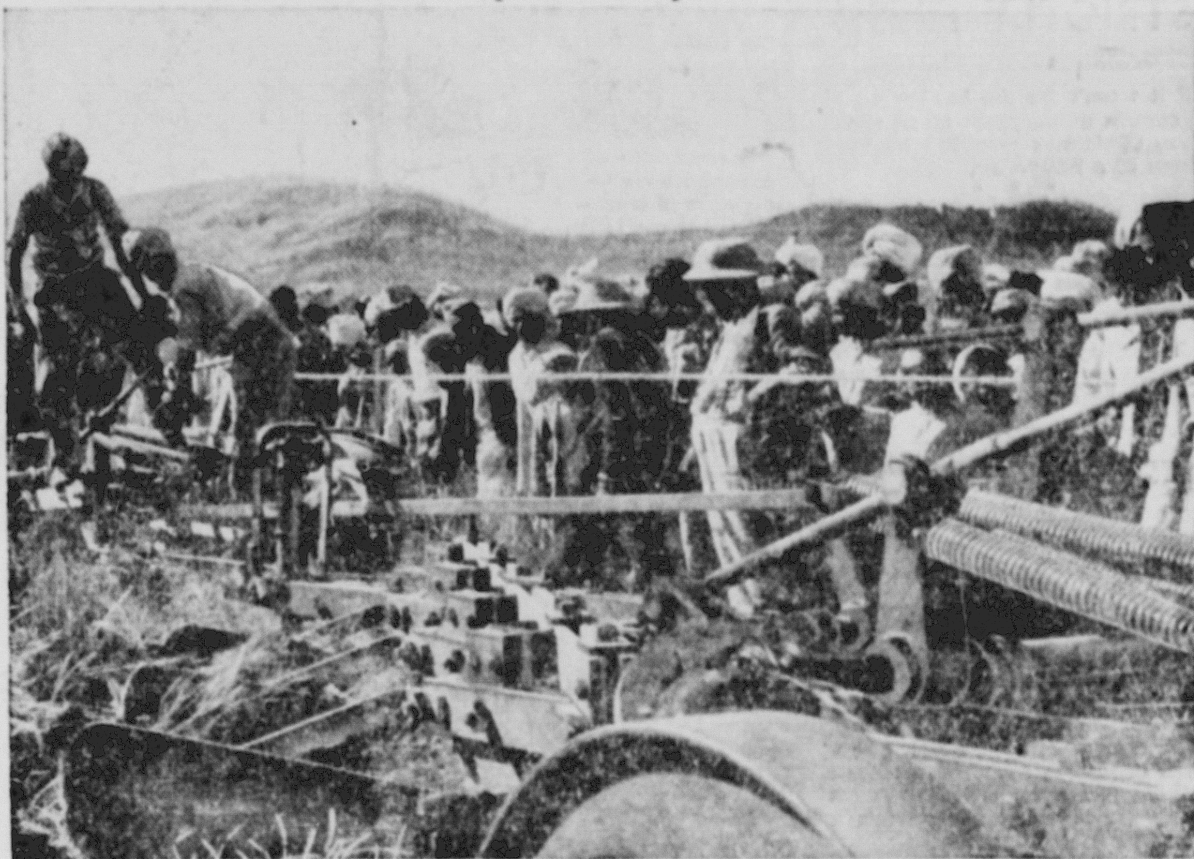

The price charts for making the OPS report are obtainable at The Herald office.

Band To McCaulley For Wednesday Show

Hamlin High School's band entertained with a concert at McCaulley Wednesday afternoon at 2:15.

Director Walter Chalcraft has developed a musical organization of the Pipers which is in demand throughout the territory and the enthusiasm of the student personnel is a highlight of school system activities.

Modern Methods Help India Improve Food Production

In Bari, Bhopal, in India, a new plow cuts through kank grass to clear needed acreage for planting wheat. Kank is a weed which infests farmland. A \$10,000,000 loan from the International Bank for Reconstruction and Development, a specialized Agency affiliated with the United Nations, has helped the Government of India buy needed equipment for this land reclamation project.

Red Cross Quota Near Goal Here In Sorority Drive

Members of the solicitation committee for the American Red Cross drive in Hamlin announced Thursday that a total of \$1,326.47 had been subscribed. This compares with the \$1,400.00 quota assigned to Hamlin by County Drive Chairman Bernard Bryant.

The drive was conducted as a voluntary movement by the Beta Sigma Phi Sorority and the following members participated:

Mesdames Jim Ballard, George Poe, Jess Burditt, S. C. Ferguson, Robert Gardner, M. L. Smith, Elmer Feagan, Jr., W. T. Johnson, Bob Nunley, Lowell Cure, Austin Poe, Charles Gardner, C. R. Reynolds, O. R. Riddell, Stan Carmichael, E. D. Perrin, E. J. Hawkins, John C. Bryant, W. Griggs, Wesley Nail and Jerry Waggoner.

The sorority was ably assisted by Mesdames Luther Marr, Howard Smith, Weldon Johnson, Garland Preston, John D. Ferguson, L. H. McBride, Garland Coltharp, Albert Chandler, Don Gould, A. G. Irwin and Tom B. Taylor.

B. V. Newberry and the Student Council assisted in the high school and Mr. and Mrs. Steve Morgan and Elly Faye Ford led the drive in the DePriest school.

The near quota subscription is remarkable after a very discouraging start of the drive and is a tribute to the effort of the sorority and their outside aid.

The total sum subscribed resulted from contributions of \$28.00 from the Carlton community, \$34.16 from Wise Chapel; \$108.00 from Neinda and \$1,166.31 from Hamlin.

Mrs. J. E. Johnson was chairman at Carlton; J. A. Rose at Wise Chapel and J. E. Brown at Neinda.

Hot Check Subject Of Talk To Lions

Hamlin Lions listened to County Attorney Charles Brownfield give a description of the problems that confront county law enforcement officials in handling "hot" checks at their Tuesday luncheon meeting.

Brownfield assured the club members that not all business transacted in his office applied to this type of law violation but it was his belief that the majority of the merchants in Jones County need to be better informed as to the provisions of the law.

He described methods followed by professional check passers in which they insure themselves against prosecution and detailed procedure to follow to obtain a means of definite identification.

President Jim H. King appointed a committee to nominate candidates for club offices and asked for immediate action from this committee so that convention delegates might be appointed.

Veterans Vocational Agriculture Display In Malouf's Window

Veterans enrolled in the Hamlin Veterans Vocational Agriculture School have arranged to display a cross section of their work in one of the Malouf Department Store windows beginning Wednesday, April 11. The work will be on view through Saturday.

To further interest the public in the work they have performed, the veterans group will hold an open house at their shop on South East First Street from 1:00 to 5:00 p. m. Saturday. Lemonade will be served to the visitors.

VFW District Meet At Sweetwater to Draw Locals There

Annual encampment of District 8, largest in the department of Texas, Veterans of Foreign Wars of the United States will be held in Sweetwater, Saturday and Sunday, April 7 and 8. Justin M. Morrow, Rotan, is commander of this district which last year had 5,253 members, and has reported 4,453 members for 1951. An attendance of 500 or more is expected.

J. Warren Hoyt, El Paso, senior vice commander of the state VFW organization and scheduled to be elected commander of the state encampment in Dallas, June 22 to 27, will attend the Sweetwater meeting.

R. H. Claypool, Dallas, national VFW claims officer and recognized as the outstanding service officer in Texas, will also attend this meeting, as will Carl M. Smith, Lubbock, Department service officer on duty at the Lubbock VA office.

Election of officers for the 1951-'52 fiscal year will be the principal business at the District 8 encampment. Commander Morrow, who has been one of the leading district commanders in the state the past year, is scheduled to be re-elected to this important position.

Posts in District 8 include those located in Abilene, Merkel, Anson, Brownwood, Rising Star, Cisco, Comanche, Eastland, Breckenridge, Stamford, Hamlin, Rotan, Sweetwater, Haskell, Snyder and Colorado City.

Jones County Ginning Totals 44,610 Bales

According to a report made early this week by Bower Pope, special agent for the U. S. Department of Agriculture, Jones County's final cotton ginning record stood at 44,610 bales.

The 1950 crop took quite a drop because the county ginned 86,718 bales in 1949.

Pipers to Snyder for District Track Meet Saturday

District 6-A track and field hopefuls will gather at Snyder Saturday for the district meet which has been the goal of all track performers since the start of training.

In participation with other schools outside the district Hamlin's representation has encountered varied successes. Thus far Stamford has been able to establish superiority in the dash events and middle distance races have been a tossup. Roby is the only school in this district which has been seen and they present a formidable array for the Pipers to conquer.

Coaches Burditt and Townsend will take a full squad to Snyder for the Saturday meet which will be dominated by Asa Goodgame in the hurdle events. Team members are:

Goodgame and Robert and Garland Fletcher in the high hurdles. Goodgame, Don Elmore and Robert Bonner in the low hurdles.

Glenn Smith, Sugar Green and Tuffy Ford in the 100 yard dash.

W. T. Stapler, Sugar Green and Milton Butler in the 440-yard dash.

Sugar Green, Tuffy Ford, W. T. Stapler and Ronald Armstrong in the 440 sprint relay.

Don Rowland, Armstrong and Robert Fletcher in the 880-yard run.

David Cowan, Charles Durkee and Jon Adams in the mile run. Ford, Goodgame, Green and Stapler in the mile relay.

Jim Harwell, Frank Albert Tucker and Rex Vest in the 220-yard dash.

Ford, Goodgame and Robert Fletcher in the high jump. Durkee, Darrell Wheat and Watts Fletcher in the pole vault.

Goodgame, Ford and J. W. Carlton in the broad jump.

Stapler, Jerry Carr and Don Rowland in the discus.

Stapler, Carr and Hub Hopper in the shot putt.

Despite a fine four-man performance at Brady, the Hamlin squad lost possession of their two-mile relay cup in last week's meet as they ran third in that event. They were led by Stamford and Big Spring to the wire in the race and a new Brady record was recorded.

School Census Lacks Names of Six-Year Olds for Coming Term

The 1951 school census is being completed for the Hamlin school district. Census was conducted through use of forms which each school child took to his home for listing of information required.

Superintendent I. R. Huchingson asserted that parents whose children may have been missed should contact the school in order that eligible scholastics may be included in the census and planned for for the coming school year.

It is especially urged that children who will be six years of age on or before September 1 be enumerated. Children of this age who have no brothers or sisters in school are most easily overlooked. It is estimated that there are about twenty children of this age not yet in the census.

First surveys have been completed by the Hamlin Chamber of Commerce relative to the establishment of a Dollar Day as a trade stimulant for Hamlin merchants.

After preliminary discussions had indicated that the merchants were receptive of such a cooperative movement, the Chamber of Commerce began the circulation of a participation agreement on Wednesday which stipulated that the weekly event start on Wednesday, April 11.

Firms signifying their intention to participate in the movement were Wilson Hardware, The Book Shop, White Auto Stores, McMahon Jewelry, R. Y. Barrow Furniture, Hamlin Automotive, Forbus & Holt Service Station.

Coltharp Service Station, Brady Service Station, A. C. Hall Paint & Wallpaper, Howard Food Market, Crow Brothers, R. B. Spencer Lumber, Trading Post, B. V. Reynolds, LeRoy Stubbs.

Three Trustees Have No Opposition Filed

No opposition filed for the positions expiring on the Hamlin board of school trustees and as a result Ed Dodd, LaFoy Patterson and Eddie Jay will be unopposed in their candidacy to succeed themselves.

The election is to be held Saturday, April 7, from 8:00 a. m. to 7:00 p. m. at the High School. L. H. McBride will act as judge of the election with Mrs. A. B. Rowland and Mrs. C. C. Prater as clerks.

A very light vote in the election is anticipated.

Abilene Dean Tells Rotarians About Communist Perils

Hamlin's Rotary Club heard a talk at its regular Wednesday noon luncheon from John Stephens, Dean of Men at Abilene Christian College.

Stephens is also teacher of history and government at the college and talked to the assembled group on "How Communism Can Get a Hold."

He used as his example a history of China for the past 50 years. Sating statistics that that country had one-fifth of the world's population and so forth. He traced the last empire of the country and Dr. Sung Yat Sin's revolution movements and his hardships and so forth and the split of the Nationalists and the War Lords.

Lessons that every person should know about Communism now includes: Communism can not be used as a tool; it has tactics of boring from within and that a promise, treaty and the like are worthless.

There were three visitors from Abilene; three from Stamford; Guy White guest of Jake Lawson; E. R. Davis of Bangor, Maine a guest of Eddie Jay and Larry Reynolds, Junior Rotarian for the month.

Mrs. Ernest Kiser of Sylvestre was a medical patient last week in a Dotten hospital.

STRICTLY FRESH

If it wasn't for the hard work of certain nurserymen along about now, Christmas wouldn't be very much of a holly-day.

A child becomes an adult when he quits believing in Santa Claus. An adult becomes childish when he chides his youngsters for becoming disbelievers.

West Texas Chamber of Commerce has initiated many new broad extensive projects and services, according to B. P. Bludworth, president; when he announced to the first meeting of the board of directors recently.

The board of directors heard activity reports and plans for future action from four staff members on eight department activities.

Committees were appointed to recommend plans for additional operating and internal management policies and plans for a two day annual convention in October.

Mr. and Mrs. Elton Allison and family of Abilene and Mr. and Mrs. J. F. Maberry of McCaulley were dinner guests Sunday of L. R. Andress.

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B₁, B₂, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children. And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should she decided to do something about it. Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL Is So Effective An important thing about HADACOL is that you get Vitamins B₁, B₂, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

"I got the story on 50,000 Miles-No Wear"

and changed to New Conoco Super Motor Oil

Santa Fe, New Mexico

"50,000 MILES-NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

KITCHEN MEMO

COMES the day when you're particularly busy, toss this recipe together to make a Skillet Dinner. Saves dishwashing, time and energy. Melt 2 tbsps. fat in skillet, add 1 cup chopped onion, 1/2 lb. ground beef. Cook until brown, about 10 mins. Add 1 cup sliced carrots, 4 oz. neck, noodles, 1 qt. water. Cover, simmer over low flame 45 mins. Add 2 tbsps. Worcestershire sauce, 1 tsp. salt, 1/4 tsp. pepper. Mix lightly. Serves 4.

Timely check: The filter on your gas furnace is bound to clog with dust from the air. About twice a year remove the filter and replace it because a clogged filter cuts heating efficiency.

A clove of garlic in olive oil, mix in 1/2 tsp. paprika, let set for five minutes, then brush over thick steak. Slide into broiler 3" from flame. Out of this world for flavor and crusty finish!

If it's washday in your house and you need plenty of hot water, don't worry about the 15 gals. of hot water your man uses up for his morning shower because your automatic gas water heater immediately starts to replace hot water as it is used.

Gentle reminder: Tepid soapy water and a cloth wipe up spilled food in your gas refrigerator more easily than if you wait for the food to harden.

Batterscotch toast: Spread toast with butter or margarine, sprinkle with brown sugar. Keep under broiler about 4" from the flame until it bubbles.

Lemon Snow for a Storm of Applause

Light and feathery as its name implies is Lemon Snow Pudding, a delicate dessert in which unflavored gelatine acts as backdrop for the cool tartness of fresh lemon.

Gel-cookery, which is the fine art of cooking in your refrigerator, is so easy and so rewarding. Your desserts can look like the fancy work of a celebrated chef; yet because of the exact measurement of each envelope of unflavored gelatine, success is guaranteed by following such simple recipes as the one below.

Unflavored gelatine is all protein, with no sweetener or artificial flavoring added. For this reason, the molded desserts it produces catch the full flavor and true color of the fruit.

Lemon Snow Pudding

- | | |
|--------------------------------|------------------------------|
| 1 envelope unflavored gelatine | 1/4 teaspoon salt |
| 1/2 cup cold water | 1/4 cup lemon juice |
| 1/4 cup boiling water | 1 teaspoon grated lemon rind |
| 1/4 cup sugar | 2 egg whites |

Soften gelatine in cold water. Add boiling water, sugar and salt and stir until dissolved. Add lemon juice and lemon rind. Chill until mixture is slightly thicker than consistency of unbeaten egg white. Whip until light. Beat egg whites until stiff; add gelatine mixture. Place the bowl in ice water; continue to beat until mixture begins to hold its shape. Turn into large or individual molds and chill until firm. Unmold and serve with soft custard sauce. YIELD: 6 servings.

Truth may be stranger than fiction, but it isn't nearly so marketable.

You'll have oil!

The oil industry is better prepared than ever before in history to supply the country's needs for petroleum products. Continuous exploration and development have established the necessary reserves, refining capacity has been increased, transportation facilities have been improved and extended.

Operating competitively in free America, the oil companies have brought U. S. oil resources to a state of readiness not equalled in any other country.

In the past year, the daily needs of the American people plus the extra needs of national defense increased the demand for oil by about

a half-million barrels daily. It was produced at once. Cars and trucks continued to roll, farmers' equipment stayed in the fields, industries powered by oil continued to operate; not an airplane was grounded, not a ship stayed in port, for lack of fuel.

Nevertheless, the industry recognizes that all-out defense preparations will pose many new problems; that some petroleum products may be reduced in quality; that some sacrifices may become necessary.

But the oil is here; it's available. You'll have oil.
